* One-half of this expenditure is repaid by the municipalities over a period of 31½ years.

† The municipalities concerned are liable for one-half of this expenditure incurred prior to 1st January, 1925, and one-third of expenditure incurred subsequent to that date.

‡ The municipalities pay a proportion of the interest on the expenditure incurred in making these roads, and they maintain the roads after they have been constructed.

* The figures prior to 1880 do not represent particulars of all the Friendly Societies in the State, but only of such as furnished returns. For that year and subsequent years the returns are complete.

† Old-age pensions were first granted in Victoria on 18th January, 1901, and the Commonwealth Government took over the administration on 1st July, 1909. The figures relate to the financial year ended 30th June.

‡ The figures for 1923-24 relate to a period of eighteen months ended 30th June, 1924.

§ Excluding inter-fund transfers. In previous years such transfers were not excluded.

NOTE.—The cost of bags, cases, seed, and spraying material has been deducted from the total values of the various crops in each of the ten years 1924-25 to 1933-34. The figures for these years are not comparable with other years, as similar deductions were not made prior to 1924-25. The value of chaff, grain, hay, and manure, viz., £3,535,135 in 1924-25, £3,283,560 in 1925-26, £4,822,130 in 1926-27, £5,616,688 in 1927-28, £4,087,508 in 1928-29, £3,699,467 in 1929-30, £4,205,609 in 1930-31, £2,447,625 in 1931-32, £2,629,892 in 1932-33, and £3,005,031 in 1933-34, which obviously cannot be deducted from any particular item, has also been deducted from the total value of Agricultural Production.

* Includes milk used for condensing and for other dairy products, except butter and cheese.

† In the year 1927-28 and subsequent years, increases or decreases in the numbers have not been taken into consideration in the valuation of live stock, which is now based on the number slaughtered each year.

NOTE.—In 1928-29 the basis for the valuation of dairy products, which were sold to factories for manufacture into butter, cheese, &c., was altered. Prior to that year values were based on the wholesale selling prices, at the factories, for the goods produced. Since 1928-29 the values given to these dairy products are the prices paid to the primary producers for the milk or cream. All value added by the process of manufacture is credited to manufacturing production.
