POPULATION AND DWELLINGS IN
LOCAL GOVERNMENT AREAS

BULLETIN NO. 2.

PREPARED UNDER INSTRUCTIONS FROM THE RIGHT HONORABLE THE TREASURER,
BY
S.R. CARVER, ACTING COMMONWEALTH STATISTICIAN.

CENSUS OF THE COMMONWEALTH

30th June, 1954.

POPULATION AND DWELLINGS IN LOCAL GOVERNMENT AREAS

P R E F A C E

This Bulletin contains particulars of the numbers of males, females and persons, and of occupied and unoccupied dwellings in each local government area in each State of the Commonwealth, and in each district in the Northern Territory and the Australian Capital Territory, at the Census of 30th June, 1954.

The figures herein are obtained after completion of the preliminary check of Census returns, and are compiled at a later stage in the tabulation process than are the Field Count figures previously issued. The figures are not final, however, and may be subject to some amendment on completion of tabulation.

In the publication of the 1954 Census results, local government areas have been arranged for the first time in alphabetical order in a series of "Statistical Divisions". These Statistical Divisions are identical with those used for many years in State statistical publications for the presentation of demographic and economic statistics.

Particulars are also shown for the first time for Non-municipal Towns with a population of 1,000 persons or more (750 in Tasmania). These towns, as the name implies, are towns which are not separately incorporated for purposes of local government. Their boundaries were specially determined for Census purposes to embrace the urban areas which could be regarded as the town. They have been indicated herein by adding the letters "N.M." after the name of the town.

Particulars of certain urban areas, whose component parts are shown separately in earlier tables of the Bulletin, appear also in aggregative form in Table 11.

An index has been provided for each State to facilitate reference to any local government area or town for which particulars are shown in this Bulletin.

The boundaries of local government areas for the purpose of the 1954 Census were, in the main, those of 30th September, 1953. Several subsequent alterations were provided for where the adjustments could be made without interruption to the general programme of Census work. Such instances have been indicated herein by a note to the local government area concerned.

All tables in this Bulletin exclude particulars of full-blood aborigines and of dwellings occupied solely by them.

In accordance with previous practice, Census particulars were not required of diplomatic representatives of foreign governments and the High Commissioners representing the governments of the members of the British Commonwealth, with their families and staffs. The greater proportion of these persons was in Canberra, Australian Capital Territory, where the numbers of persons excluded from the Census was approximately 400, and the number of dwellings excluded 74.

DEFINITIONS.

Migratory. — The term "Migratory" used in the following tables refers to persons not elsewhere enumerated who at midnight between 30th June and 1st July, 1954 were on ships in Australian waters, or were travelling on long distance trains or aircraft.

Dwelling. — For the purpose of the Census, a "dwelling" is any habitation occupied by a household group living together as a domestic unit, whether comprising the whole or only part of a building. The term has, therefore, a very wide reference and includes, in addition to houses and flats, a great variety of "dwellings" ranging from a single-roomed shack to a multi-roomed hotel or institution.

Unoccupied dwellings. — "Unoccupied dwellings" include "week-end", holiday, and other dwellings temporarily unoccupied on the night of the Census. They also include newly completed dwellings awaiting occupation.

TABLE 5. — QUEENSLAND — POPULATION AND DWELLINGS : LOCAL GOVERNMENT AREAS,
CENSUS, 30TH JUNE, 1954.

(Exclusive of full-blood Aboriginals and dwellings occupied solely by them.)

NOTE.— The local government system in Queensland consists of separately incorporated Cities, Towns and Shires. Particulars of each of these are shown in the following table. Particulars are also shown for towns not separately incorporated with a population of 1,000 persons or more. They are indicated herein by the letters "N.M." (Non-municipal Town). The Metropolitan Area of Brisbane is not divided for local government purposes, but separate figures are shown below for the city proper and for each suburb.

An index showing in which Statistical Division each City, Town and Shire is located, and on which page its particulars appear, may be found following this table.

TABLE 8. — TASMANIA — POPULATION AND DWELLINGS : LOCAL GOVERNMENT AREAS,
CENSUS, 30TH JUNE, 1954.

(Exclusive of full-blood Aboriginals and dwellings occupied solely by them)

NOTE.—The local government system in Tasmania consists of two separately incorporated Cities (Hobart and Launceston) and 46 Municipalities, which include within their boundaries the whole area of Tasmania, apart from that covered by the two Cities. These municipalities include both urban and rural areas, the former consisting of separate towns or townships as distinct from the surrounding country-side. The Tasmanian Municipalities are thus more akin to the Shires, District Councils and Road Districts, than to the Municipalities of other States.

"N.M." indicates a Non-municipal Town with a population of 750 persons or more.

An index showing in which Statistical Division each Municipality, City and Town is located, and on which page its particulars appear, may be found following this table.
