GENERAL INDEX.*

NOTE.—This index is preceded by a list of special articles, etc., in previous issues of the Official Year Book. A list of maps and graphs contained in this issue will be found on pp. ix and x. Area, population, etc., of particular localities are indexed under the locality concerned. Subject matter extending continuously over more than one page is indexed according to the first page only. Where more than one reference to a subject is given, the chief reference, wherever it has been possible to determine it, is indicated by italic type. Two references to a subject as indicated signify major, and approximately equal, importance.
