INTRODUCTION

This bulletin shows the numbers of males and females in each State and Territory of Australia as at the Census of 30th June, 1961, classified according to conjugal condition in conjunction with age (single years and five-year groups).

The figures in this Bulletin embody certain minor amendments to both the age and conjugal condition data shown separately in previous bulletins and are to be read as superseding the earlier figures.

In processing the 1961 Census data, a conjugal condition and/or age were allocated prior to tabulation in all instances where this information was not stated.

A list of 1961 Census publications already issued appears at the end of this bulletin.
