COMMONWEALTH DEMOGRAPHY.

PREFACE.

The Statistics contained in the present issue represent full details of Vital Statistics for the year 1919, together with a summary for the eleven years, 1909-19.

The Statistics are furnished under the following heads :—

- I. Population.
- II. Births.
- III. Deaths.
- IV. Marriages.
- V. Rates and Percentages.

In Section V. are given some of the more important demography rates and percentages for the year 1919.

For the purpose of economizing space Section VI., Statistical Summary, which, in the issue of this Bulletin for 1917 occupied 32 pages (pp. 254 to 285), has again been omitted. For statistics of population, births, deaths, and marriages prior to 1909, reference must consequently be made to the pages of the 1917 Bulletin indicated above.

The population and migration figures given herein have been adjusted on the basis of the results disclosed by the several Censuses, and all rates have been computed on the basis of the amended populations and mean populations so ascertained.

G. H. KNIBBS,
Commonwealth Statistician.
