INTRODUCTION

This issue of the Review relates to overseas arrivals and departures classified as permanent and long-term movement. Certain characteristics of this movement are shown for the quarter and year ended December, 1964. Statistics of country of birth of arrivals and departures classified as permanent and long-term movement, and of age and conjugal condition of permanent arrivals and departures, are prepared for six monthly periods. This issue contains details for the half year and year ended December, 1964.

2. Table 1 provides a short summary of all overseas arrivals and departures, including those classified as short-term movement. However, detailed statistics of short-term movement, and of all overseas arrivals and departures, are not shown herein but will appear in a separate issue of this Review to be entitled Oversea Arrivals and Departures, Quarter and Year ended December, 1964, Part 2 - Total and Short-term Movement.

3. The classification into permanent, long-term and short-term is based on the purpose of travel stated by the traveller on arrival in or departure from Australia. THESE STATEMENTS REPRESENT THE TRAVELLER'S INTENTION AT THE TIME. MANY TRAVELLERS SUBSEQUENTLY CHANGE THEIR INTENTIONS AND THIS MUST BE BORNE IN MIND IN INTERPRETING THE STATISTICS.

4. Permanent movement consists of persons arriving with stated intent to settle permanently in Australia, and Australian residents departing with stated intent to reside permanently abroad. Settlers are persons who, on arrival in Australia, indicated that they came intending to settle. Former Settlers (see column 5 of Table 2) are persons who, on departure from Australia, stated that they had come to Australia intending to settle, had stayed for a period of twelve months or more, and were now departing permanently. Persons who stayed less than twelve months are classified to "visitors departing, short-term movement".

5. Long-term movement consists of the arrival of visitors and the departure of residents with stated intent to stay (in Australia or in a country abroad, respectively) for twelve months or more and the departure of visitors and the return of Australians who have stayed (in Australia or in a country abroad, respectively) for twelve months or more.

6. Short-term movement consists of all other movements, including the movement of Australian troops, irrespective of period of stay. Air crew and ships' crew are excluded.

(a) In this and succeeding tables the figures relating to "Former Settlers Departing" EXCLUDE persons who stated on departure that they had come to Australia intending to settle and had stayed for a period of less than twelve months. Satisfactory figures relating to these persons are not available, but the number would appear to vary from 1,000 to 2,000 persons per year. See "Introduction" paragraph 4.

NOTE:- Minus sign (-) denotes excess of departures over arrivals.
