#### VICTORIA—COURTS OF PETTY SESSIONS.

In 1948, Courts of petty Sessions by stipendiary magistrates and honorary justices were held at 224 places in Victoria. Clerks of courts of ten years' standing, who have passed the prescribed examination, and barristers of five years' standing are eligible for appointment as stipendiary magistrates, but there is no legal training or knowledge of the law required as a condition precedent to the appointment of a person as an honorary justice of the peace. The jurisdiction in civil cases is limited to what may be called ordinary debts, damages for assault, and restitution of goods, where the amount in dispute does not exceed £50. Particulars of civil cases, &c., heard during the five years, 1944 to 1948, are as follows:—

## VICTORIA—COURTS OF PETTY SESSIONS AND CHILDREN'S COURTS.

In the following statistical tables details are given of the total number of cases dealt with in Courts of Petty Sessions and Children's Courts. If it be desired to compare the figures in these tables with those relating to other States or countries it is necessary that consideration be given to several points. The first is that the criminal law in the places compared be substantially the same; the second, that it be administered with equal strictness; and the third, that proper allowances be made for differences in the age and sex constitution of the population. These points must also be taken into account in comparing crime in recent years with that in previous periods when there may have been differences in the law and when the population was very differently constituted in regard to sex and age.

NOTE.—The convictions in respect of drunkenness include those cases in which offenders were discharged by magistrates on a first appearance. Prior to 1936 such cases were not treated as convictions.

#### CRIME AND DRUNKENNESS.

Alteration in subsequent to 1932 were compiled on a basis which differed from that for the years 1893 to 1932. The particulars for the years 1933 to 1948 represent, in respect of multiple charges, the total number of all offences with which arrested persons were charged whereas, for the period 1893 to 1932, only the most serious offence in each case was tabulated. Summons cases in 1933 to 1948 relate, as in previous years, to all offences with which a person was charged. The statistics for the past sixteen years are comparable, therefore, with those for the years prior to 1893, appearing in earlier issues of the Year Book.

Almost all serious crimes are either offences against the person or offences against property. The first-named consist mainly of assault, but include murder, manslaughter, shooting, wounding, and all crimes of lust. Offences against property consist principally of larceny and similar offences, but include burglary, house and shop-breaking, robbery, &c., cattle stealing, and wilful damage to property.

The only serious crimes included under "Other Offences" are forgery, counterfeiting, conspiracy, and perjury. These were very few in number, there having been in Victoria in 1948 only 87 of such charges out of a total of 51,566 in the category to which they belong. A large proportion of the cases under the heading "Other Offences" were merely breaches of various Acts of Parliament, by-laws, &c., which indicate no degree of criminal instinct or intent on the part of the person charged. There was also among them a large number of offences against good order, including offensive behaviour, indecent language, vagrancy, &c.

The following table shows, for a series of years, the numbers of arrest and summons cases, and also the numbers per 1,000 of the population, tabulated according to the only classes of offences for which complete comparisons can be made. The particulars include cases (other than those of neglected children) disposed of in Children's Courts.

Drunkenness—Comparison with previous years.

If the amount of drunkenness in proportion to population, as measured by the number of charges therefor, be represented by 100 as the yearly average for the period 1874–78, the corresponding numbers for subsequent periods will show the comparative increase or decrease. These numbers are given in the following table:—

VICTORIA—DRUNKENNESS, 1874 TO 1948.

Years Ended 3 December.	1st	Index Number.		Ended a cember.	Index Number.

A considerable decrease in drunkenness is shown for the five years 1893-97, which was a period of general depression, followed by an increase in the subsequent five-yearly period. A similar trend is shown for the depression years 1928-32 and subsequent years. In the middle of the year 1915, an Act was passed reducing the number of hours during which alcoholic liquors could be sold in hotels, and a further reduction was made in the following year.

#### INQUESTS.

A Coroner has jurisdiction to hold an inquest concerning the manner of death of any person who is slain or drowned, or who dies suddenly, or in prison, or while detained in any hospital for the insane, or whose body is lying dead within the district in which such coroner has jurisdiction.

His duties in relation thereto are regulated by the Coroners Act 1928, and there are special provisions relating to inquests in other Acts, such as the Mines Act, Children's Welfare Act, and Registration of Births, Deaths, and Marriages Act. Coroners and deputy-coroners are appointed by the Governor-in-Council, every Stipendiary Magistrate being appointed a coroner for the State of Victoria. Deputy-coroners have jurisdiction in the districts for which they have been appointed. In addition, a justice of the peace has jurisdiction, within his bailiwick, to hold an inquest, but only if requested to do so by a police officer in charge of a station, or by a coroner.

In the majority of cases the coroner acts alone in holding an inquest, but in certain cases a jury is empanelled. This is done (a) when the coroner considers it desirable; (b) when in any specified case a law officer so directs; and (c) when it is expressly provided in any Act, (as is the case under the Mines Act) that an inquest shall be taken with jurors. It is an essential preliminary in all cases that the coroner and the jury, if any, shall view the body, otherwise the inquest is void.

When a person is arrested and charged before a Justice or Court with murder or manslaughter, those proceedings are adjourned from time to time pending the holding of the inquest. If the inquest results in a finding against that person of murder or manslaughter, the coroner issues his warrant committing him for trial, the other proceedings being then withdrawn.

The following shows the number of inquest cases in Victoria during the years 1946, 1947, and 1948, and the number of persons subsequently committed for trial.

Committals for trial—convictions.

The following table shows the offences of distinct persons who were convicted in the Supreme Court and in Courts of General Sessions in Victoria during 1948 after committal from Children's Courts, Courts of Petty Sessions and Coroner's Inquests. Where a person was charged with more than one offence the principal offence only has been counted:—

Information relating to the nature of the duties of and the powers vested in the Licences Reduction Board is given in the Year-Book for 1915-16, page 476, and in that for 1928-29, page 213.

To 31st December, 1948, 1,862 hotels had been closed by the Board or had surrendered their licences. Of these hotels 530 were located in metropolitan districts, and the compensation paid amounted to £581,662, or an average of £1,097 each. There were 1,332 hotels closed in country districts, and compensation amounting to £720,679 was paid, or an average of £541 each. The total sum paid in compensation in all districts of the State was £1,302,341, or an average of £691 for each hotel.

The amount of compensation awarded was £550. Since 1922, 11 grocers' and 100 Australian wine licences have been taken away, for which compensation to the amount of £20,371 has been awarded.

Improvement and Extension of Licensed scommodation.

A section of the Board's work which has grown rapidly in extent and importance since 1922 is the consideration given to enforcing improvement in the type of structure and in the class of accommodation of licensed houses.

Since 1922 plans have been passed by the Board for new and improved licensed premises, the estimated cost thereof being £6,296,730 exclusive of the cost of sewerage and new equipment. National Security Regulations and the Victorian Building Operations and Building Materials Control Act 1946 have restricted since 1940 all building operations in regard to hotels. During the twelve months ended 31st December, 1948, plans to the value of £90,974 were approved subject to permits being obtained from the Building Directorate.

The revenue for the year ended 30th June, 1948, Licensing amounted to £572,804. The amounts received from the Fund. various sources were :- Licences, certificates, &c., £544,238; interest on investments, £10,982; fees and fines, £10,686; miscellaneous, £6,898. The expenditure, which totalled £572,804 consisted of the following items: Annual payments to municipalities, £58,984; compensation, Nil; transferred to Police Superannuation Fund under section 311 of Act No. 3717, £23,000; transferred to revenue under section 312 of Act No. 3717, as amended by Act No. 5089, £465,607; and salaries, expenses, &c., £25,213. The amount at credit of the fund at 30th June, 1948, was £410,976, of which £341,000 was invested.

The following return shows the number of hotels, including roadside licences, in Victoria in 1885, 1906, and certain subsequent years, and the average number of persons to each hotel in those years. The years 1885 and 1906 have been selected because in those years important alterations were made in the liquor licensing laws.

The trading hours of hotels in Victoria are from 9 a.m. to 6 p.m., but trading is not permitted on Sundays, Anzac Day (25th April), and Good Friday. The various legislative enactments, which from time to time have curtailed such trading hours, are given in the Year-Book for 1935–36, page 110.

A statement giving particulars, of the provisions of the Local Option Acts of 1920 and 1922 appears in the Year-Book for 1928-29, pages 211 and 212.

On the 29th March, 1930, a Referendum, called a Licensing Licensing Poll, was conducted under Part XIV. of the Polis. Licensing Act 1928 (as amended) to determine whether or not licences should be abolished throughout Victoria. The Act provided that the resolution should be carried if three-fifths at least in number of the votes given were in favour of the resolution. was State-wide, and was the first of the octennial polls provided for by the Licensing Act of 1922 (now incorporated in the Licensing Act A similar poll was held on the 8th October, 1938. relating to the number of votes recorded at each of these polls appears in the Year-Book for 1939-40, page 71. Licensing polls were abolished by Section 3 of the *Licensing Act* 1946, No. 5197.
