PREFACE.

The Annual Statement of the Oversea Trade of Australia with other countries, and of the Customs and Excise Revenue, for the year 1926-27, has been compiled from documents acquired under the Customs Act and supplied to the Commonwealth Bureau of Census and Statistics by the Department of Trade and Customs.

For purposes of convenience and to expedite the issue of this Bulletin, the detailed tables of Exports have been shown before Imports.

In the Tables of Exports and Imports the commodities have been compiled according to a Statistical Classification divided into 21 Classes, with 511 separate items of Export and 1,496 Import items. An extended classification came into operation on 1st July, 1922, and since that date it has been increased by the addition of 6 Items of Exports and 43 items of Imports, bringing the totals up to the number shown. An extensive Alphabetical Index of Exports in Table I. (page 7), and of Imports is given in Table III. (page 177).

My best thanks are due to the officers of the Department of Trade and Customs for the prompt supply of the data required for the preparation of this Bulletin, and for their courteous response to numerous inquiries arising from time to time in the course of compilation. I am especially indebted to Mr. H. J. Exley, M.A., the Supervisor of Trade Statistics in this Bureau, for the care and attention which he has given to the compilation of this Bulletin, and the work of seeing it through the Press, and also to the staff under his control for their cordial co-operation.

CHAS. H. WICKENS,

EXPORTS

FROM

THE COMMONWEALTH OF AUSTRALIA DURING 1925-26 AND 1926-27.

Value of Exports.—The value of goods exported is, generally, the value in the principal markets of the Commonwealth in the ordinary commercial acceptance of the term.

Exports.—Goods exported from Australia are shown under two headings—"Australian Produce" and "Other Produce."

"Australian Produce" comprises—

- (i) Raw materials produced in Australia.
- (ii) Articles manufactured therefrom.
- (iii) Articles wholly or partly manufactured in Australia from imported materials.

"Other Produce" represents the re-export of articles produced elsewhere than in Australia.

Ships' Stores.—Since the 1st January, 1906, goods shipped as Ships' Stores in Australian Ports, on board oversea ships have not been included in Exports. For Ships' Stores see Table VI.

N.E.I.—Means "not elsewhere included."

Exporting States.—In this Table goods transferred from one State of the Commonwealth to another State thereof, for shipment to oversea countries, are shown as exports from the State from which the goods were finally despatched.

Classification of Articles.—The position of any item in the following table will be found on reference to the Alphabetical Index on page 7. The items in the Table are shown according to the revised Statistical Classification of Exports which came into operation on 1st July, 1922. In all cases where there was no export of a classified item during the year, the Classification number has been omitted from the table.

IMPORTS

INTO

THE COMMONWEALTH OF AUSTRALIA DURING 1925-26 AND 1926-27.

Value of Imports.—The value of goods imported from Countries beyond Australia represents the amount on which duty is payable or would be payable if the duty were *ad valorem*. Section 154 (1) of the *Customs Act* 1901-1925 provides that “when any duty is imposed according to value, the value for duty shall be the sum of the following:—

- (a) (i) the actual money price paid or to be paid for the goods by the Australian importer plus any special deduction, or
- (ii) the current domestic value of the goods, whichever is the higher;
- (b) all charges payable or ordinarily payable for placing the goods free on board at the port of export; and
- (c) ten per centum of the amounts specified under paragraphs (a) and (b) of this sub-section.”

“Current domestic value” is defined as “the amount for which the seller of the goods to the purchaser in Australia is selling or would be prepared to sell for cash, at the date of exportation of these goods, the same quantity of identically similar goods to any and every purchaser in the country of export for consumption in that country.”

Quantities.—Generally, but not invariably, quantities have been shown in the ordinary trade unit. Where the cental is used the unit equals 100 pounds avoirdupois. Where imports have been declared in packages without an indication being given of the number, capacity, or weight of the articles imported, the values only have been inserted.

N.E.I. means “not elsewhere included.”

Import Duties.—The duties charged on Imports into the Commonwealth of Australia during the year 1925-26 were collected in accordance with the Customs Tariff 1921 (Act No. 25 of 1921, assented to 16th December, 1921), and in accordance also with Customs Tariff 1921-1926, which incorporated Customs Tariff 1921 (Act No. 25 of 1921), Customs Tariff 1922 (Act No. 16 of 1922), Customs Tariff (Sugar) 1922 (Act No. 32 of 1922), Customs Tariff 1923 (Act No. 22 of 1923), Customs Tariff 1924 (Act No. 1 of 1924), Customs Tariff 1926 (Act No. 26 of 1926), and Customs Tariff (No. 2) 1926 (Act No. 45 of 1926). During the year special duties on certain imports have been charged under the provisions of the Customs Tariff (Industries Preservation) Act (No. 28 of 1921).

Extra Duty.—The amounts shown under the heading “Rate of Duty and Gross Amount Received” as “extra duty” are amounts which were lodged on deposit pending the ratification of higher duties, paid into Trust Funds, and brought to revenue at a later date.

Classification of Items.—In the following table commodities of analogous character have been arranged under categories. The position of any item will be readily found by reference to the alphabetical index on page 176. The items in the table are shown according to the revised Statistical Classification of Imports which came into operation on 1st July, 1922, and comparative figures are given for the two years 1925-26 and 1926-27. Separate particulars relating to the imports of a large number of new items have been recorded since 1st July, 1922. In all cases where there was no import of a classified item during the year the classification number has been omitted.

Irish Free State.—The trade of Australia with the Irish Free State is shown for the years 1924-25 to 1926-27. During previous years trade with the Irish Free State was included with the trade of the United Kingdom.

I. P. Act means Industries Preservation Act (*vide* Duty column in detailed table of Imports).
