EXPLANATORY NOTES

This bulletin presents statistics of secured finance provided by significant lenders to individuals for the construction or purchase of dwellings for owner occupation.

2. While the statistics are described as being for calendar months, it should be noted that:

- (i) for trading banks the data relate to the period ending on the second Wednesday of the month following the month in question and consequently will relate to either a 4 or 5 week period.
- (ii) for savings banks the data relate to the period ending on either the last Monday (one bank), the last Wednesday (seven banks) or the last day (five banks) of the month in question. Consequently data for those banks balancing on the last Monday or Wednesday may relate either to a 4 or 5 week period. For December 1977 the data for the seven banks relate to a 3 week period as the monthly "balance date" for these banks was brought forward because of the Christmas holidays.

3. Seasonally adjusted series for loan approvals made by banks and permanent building societies are available in the related publications listed below.

4. For detailed information on the scope and coverage of these statistics and definitions of items refer to the July, 1977 issue of this bulletin.

5. This bulletin incorporates revisions made to previous statistics in this series.
