EXPLANATORY NOTES

Introduction

This publication presents statistics of secured housing finance commitments made by significant lenders to individuals for the construction or purchase of dwellings for owner occupation. For detailed information on the scope and coverage of these statistics and definitions of data items refer to the July 1986 issue of this publication.

2. While the statistics are described as being for calendar months, it should be noted that:

- (i) in the case of *trading banks* and some of the larger savings banks, the data relate to a month ending on the last Wednesday; and
- (ii) in the case of *other lenders*, some have accounting periods which do not correspond exactly to a calendar month and their figures are used without adjustment.

Seasonal adjustment

3. Details of methods used in seasonally adjusting original series are available on request.

4. Large fluctuations in series as a result of irregular influences are not removed by seasonal adjustment. Particular care should therefore be taken in interpreting individual month-to-month movements.

Unpublished data

5. More detailed classifications of the data in this publication may be made available on request. Generally a charge is made for providing this information. Inquiries should be made to the officer named in the Phone Inquiries section of the inquiries box at the front of this publication or by writing to Private Finance Section, ABS, P.O. Box, 10 Belconnen, A.C.T. 2616.

Revisions

6. This publication incorporates revisions made to statistics for previous periods.

Commitments not advanced at end of period

7. In principle, commitments not advanced at end of period presented in Table 2 are derivable by adding total commitments less cancellations of commitments less commitments advanced during the period to the balance of commitments at the end of the previous period. In practice, however, revisions and other adjustments may mean that such a derivation is inexact.

Related publications

8. Users may also wish to refer to the following publications which are available on request:

Building Societies, Australia (5637.0)—issued monthly

Banking, Australia (5605.0)—issued quarterly

Savings Banks, Australia (5602.0)—issued monthly

9. Current publications produced by the ABS are listed in the *Catalogue of Publications, Australia (1101.0)*. The ABS also issues, on Tuesdays and Fridays, a *Publications Advice (1105.0)* which lists publications to be released in the next few days. The Catalogue and Publications Advice are available from any ABS office.

Symbols and other usages

- nil or rounded to zero
- break in continuity of series (where a line is drawn between two consecutive figures in the same column, or alongside two or more figures in consecutive columns)
- .. not applicable

10. Where figures have been rounded, discrepancies may occur between sums of the component items and totals.
