INTRODUCTION	<p>Statistics shown in this publication are the latest available at the time of preparation. In a number of cases, figures appearing in this summary are preliminary and are subject to revision in subsequent issues. Reference should therefore always be made to the latest issue or to the statistical publication on the specific subject when figures are not shown.</p> <p>Current publications produced by the Australian Bureau of Statistics (ABS) are listed in the <i>Catalogue of Publications and Products</i> (Cat. no. 1101.0). The ABS also issues the Release Advice (Cat. no. 1105.0) on Tuesdays and Fridays which lists publications to be released in the next few days. Both the Catalogue and the Release Advice are available from any ABS office or the ABS website.</p>															
IMPACT OF GST	<p>ABS statistical series are being impacted to varying degrees as a result of The New Tax System (TNTS), introduced in Australia from 1 July 2000. TNTS included the removal of Wholesale Sales Tax and the introduction of a Goods and Services Tax (GST), and as a result, a wide range of ABS data series will reflect significant immediate and subsequent impacts. For further information see <i>Australian Economic Indicators, July 2000</i> (Cat. no. 1350.0).</p>															
EFFECTS OF ROUNDING	<p>Where figures have been rounded, discrepancies may occur between totals and the sums of the component items.</p>
