INTRODUCTION

Results from the quarterly Survey of Tourist Accommodation are published in *Tourist Accommodation, Australia* (Cat. no. 8635.0), which contains information at the national, State and Tourism Region levels. As advised in the March quarter 1998 issue of that publication, the Survey of Tourist Accommodation has been substantially revised since the December 1997 quarter.

This data service provides additional information specific to Tasmania, including data for small areas within Tourism Regions. Following an agreement with Tourism Tasmania, the scope of the survey has been enlarged from the March quarter 1998 for Tasmania to include:

- hotels, motels and guest houses and serviced apartments with five or more rooms or units (the cut-off for other States is 15 rooms or units); and
- holiday flats, units and houses which are operated by owners, managers or real estate agents who have sole letting rights to at least five flats, units or houses for short-term letting (these establishments are not in-scope of the survey for other States).

The first group of tables in this data service contains data based on this survey scope. The second group of tables contains data based on the survey scope for other States, which includes only hotels, motels and guest houses and serviced apartments with 15 or more rooms.

Information in respect of 1997 has been retabulated on the basis of the new scope and included in this data service. More detailed 1997 data may be available on request.

As well as reflecting the changes described above, this data service contains a new geographic classification for regional data. Data are now classified by Tourism Regions as defined by the relevant State and Territory Tourist Commissions or equivalent organisations. The composition of each Tourism Region is included at the back of this data service.

EXPLANATORY NOTES

INTRODUCTION

- 1** This data service contains data for Tasmania from the ABS quarterly Survey of Tourist Accommodation (STA). Survey results for all States and Territories and Australia are published in *Tourist Accommodation, Australia* (Cat. no. 8635.0).

SCOPE AND COVERAGE

- 2** For Tasmania, the survey includes the following categories of establishments which provide predominantly short-term non-residential accommodation to the general public:
- *Hotels and resorts with facilities*—establishments with five or more rooms which are licensed to operate a public bar and which provide accommodation on a room/suite basis, with a bath/shower and toilet in most guest rooms, but which do not have full cooking facilities (i.e. hot plates and oven/microwave) in most guest rooms;
 - *Motels, private hotels and guest houses with facilities*—establishments with five or more rooms which are not licensed to operate a public bar, and which provide accommodation on a room/suite basis, with a bath/shower and toilet in most guest rooms, but which do not have full cooking facilities (i.e. hot plates and oven/microwave) in most guest rooms;
 - *Serviced apartments*—establishments with five or more units which mostly comprise self-contained units at the same location, and which are available on a unit/apartment basis to the general public for a minimum of one night; the units should have full cooking facilities (i.e. hot plates and oven/microwave), refrigerator and bath/shower and toilet facilities; all bed linen and towels should be provided, and daily servicing (i.e. cleaning and bed making) must be available through the on-site management, although this service may not necessarily be used;
 - *Holiday flats, units and houses*—establishments (excluding those predominantly operated on a time share basis) which are operated by owners, managers or real estate agents who have sole letting rights to at least five flats, units or houses for short-term letting. These establishments are mainly self-contained in terms of cooking, bath (or shower) and toilet facilities, but do not satisfy all the criteria required for serviced apartments. Data for holiday flats, units and houses include short-term owner occupation as well as paying guest occupation.
- 3** The scope of the survey has changed significantly since the December quarter 1997, for which Tasmanian results were published in *Tourist Accommodation, Tasmania* (Cat. no. 8635.6). Following an agreement with Tourism Tasmania, the survey scope for Tasmania (as described above) is different from the survey scope for other States, which comprises only licensed hotels, motels and guest houses with facilities and serviced apartments with 15 or more rooms or units. This data service for Tasmania contains tables on the basis of both survey scopes to enable interstate comparisons to be made.
- 4** Some units will have been reclassified following the implementation of the new survey scope and definitions.

GEOGRAPHICAL CLASSIFICATION

5 Statistics presented in this publication have been classified according to the Australian Standard Geographical Classification (ASGC), Edition 1998. The spatial units of the main structure of the ASGC used in this publication are defined as follows.

- Statistical Local Areas (SLAs) are legal Local Government Areas or parts thereof which add, without gaps or overlaps, to;
- Statistical Divisions (SDs) which in turn add, without gaps or overlaps, to Tasmania.

For more detailed information, refer to the ASGC (1216.0).

6 From the March quarter 1998, survey results are also aggregated to Tourism Regions as defined by relevant State and Territory Tourist Commissions or equivalent organisations. Details of the composition of Tourism Regions, including a map, follow.

FUTURE COLLECTION STRATEGY

7 As part of the future collection strategy of the STA, significant caravan parks, visitor hostels and remaining holiday flats, units and houses will be surveyed triennially, commencing with a year 2000 reference year.

8 Each year, accommodation counts of number of establishments and capacity data will also be compiled in respect of the previous scope of the survey (but recognising serviced apartments separately). These counts are expected to be published annually in the December quarter issue of *Tourism Indicators, Australia* (Cat. no. 8634.0).

UNPUBLISHED STATISTICS

9 The ABS may make available on request certain unpublished tourist accommodation statistics, including statistics for past quarters and for specific areas and more detailed information for specific data items. For example, detailed employment statistics showing the number of full-time, part-time or casual employees may be available. A charge may be made for this information.

RELATED PUBLICATIONS

10 Other ABS publications which may be of interest include:

The ABS also issues the *Release Advice* (Cat. no. 1105.0) on Tuesdays and Fridays which lists publications to be released in the next few days. Both the Catalogue and Release Advice are available from any ABS office.

EFFECTS OF ROUNDING

GLOSSARY

Average length of stay	Average length of stay is expressed in numbers of days and calculated: <ul style="list-style-type: none">▪ for hotels, motels and guest houses and serviced apartments, by dividing <i>Guest nights</i> by <i>Guest arrivals</i>; and▪ for holiday flats, units and houses, by dividing <i>Unit nights occupied</i> by <i>Unit lettings</i>.
Bed spaces	Three-quarter beds are counted as one bed space; double beds as two bed spaces. Cots are excluded.
Capacity	Capacity in terms of <i>Guest rooms/units</i> or <i>Bed spaces</i> is the maximum number available to accommodate paying guests during the survey period. Capacity closed temporarily for seasonal reasons is included.
Establishments	For hotels, motels and guest houses and serviced apartments, the number of establishments within the scope of the survey which operated for any part of the survey period, or which closed temporarily for the quarter for seasonal reasons.
Guest arrivals	The total number of paying guests counted only on the first night they stayed at the accommodation establishment during the survey period.
Guest rooms	The maximum number of rooms available at each establishment during the survey period for accommodating short-term paying guests. Units and apartments within serviced apartments are treated as rooms in these survey results.
Letting entities	For holiday flats, units and houses, the number of owners, managers or real estate agents within the scope of the survey who operated for any part of the survey period.
Occupancy	Occupancy in terms of <i>Room nights</i> or <i>Unit nights</i> refers to the total number of nights each guest room or unit was occupied during the survey period. Occupancy in terms of <i>Guest nights</i> refers to the total number of paying guests counted on each night they stayed at the accommodation establishment during the survey period.
Occupancy rates	<i>Occupancy rates</i> represent occupancy expressed as a percentage of total capacity available during the survey period, e.g. for the period
	$\text{Room occupancy rate (\%)} = \frac{\text{Room nights occupied}}{(\text{Guest rooms}) \times (\text{No. of days in the period})} \times 100$
	providing that, for establishments closing (other than for seasonal reasons) or opening during the survey period, the denominator of the above expression includes only operating periods.
Persons employed	The total number of persons working at each accommodation establishment at the end of the survey period (including working proprietors and those working on other than accommodation activities).

GLOSSARY *continued*

Room nights available	The number of guest rooms/units available multiplied by the number of days for which they were available during the survey period. For establishments closing (other than for seasonal reasons) or opening during this period, operating periods only are included.
Star grading	The grading of hotels, motels and guest houses with facilities and serviced apartments based on the classification system used by members of the Australian Automobile Association (AAA). The gradings are allocated according to a points system based on the amenities and facilities available to guests. Details of the grading scheme are contained in the RACV-RAASA members' publication <i>Accommodation Australia</i> , or the individual tour guides produced by members of the AAA. For the purpose of classifying establishments to a star grading in this publication, 'half' star gradings are ignored (e.g. a two and a half star grading has been shown as two star).
Takings from accommodation	Gross revenue from the provision of accommodation, including bed taxes. Takings from meals are excluded. Takings from accommodation for each month generally represent the takings received during that month. Where payments are received in advance of, or after, the provision of accommodation to guests, the monthly figure for takings from accommodation may not necessarily bear a direct relationship to the number of guests accommodated during the month.
Unit lettings	The total number of times a holiday flat, unit or house was occupied by a new tenant, counted only on the first night it was occupied by the new tenant.
